## Overview

---

**Dhorpatan Trek lies in the Dhaulagiri Region. It is the only one spot in Nepal where licensed hunting is permitted. It is less visited by the beaten so it is known as off the beaten path trekking trail.**

Dhorpatan Trek is a pleasant trek through mixed country and views of impressive Mountains. Dhorpatan Trek is mostly suitable for those who are interested for wild life hunting. We also organize hunting package which takes another 4 / 5 extra days. Controlled hunting is allowed with proper license and certain seasons in the year. Anybody with good physical condition and who can walk for several hours in a day can trek in this region. You don't have to be expertise expedition climber for this. It provides excellent mountain views of the Dhaulagiri and Annapurna range. Game license is issued by the Department of National Parks and Wildlife Conservation in Kathmandu. Dhorpatan is also an attractive destination for the trekkers and wildlife enthusiasts as protection has enabled animal numbers to increase in this rarely visited.

Dhorpatan trek offers an opportunity to discover areas, which remain practically, untouched and still retain an idiosyncratic lifestyle without being affected by western influences. It is characterized by alpine, sub-alpine and high temperate vegetation. Common plant species include fir, pine, birch, rhododendron, hemlock, oak, juniper and spruce. The area's vegetation is characterized by well-developed mixed-hardwood forest at lower elevation & many plant species of drier climate to North. It is the prime habitats of blue sheep; other game species are Ghoral, Himalayan Tahr, Black Bear Pheasant and Partridge. As in many other protected environments of Nepal, the reserve includes several villages inhabited by hill tribes as well as people of Tibetan descent who supplement farming with trade and animal husbandry. The birds species found within the reserve is rich in diversity including several endangered species of pheasants & partridge, mostly Chirp Pheasant and the nine different colored Danphe, the national bird of Nepal. Other than this, Dhorpatan Hunting Reserve is also an attractive destination for trekkers & wildlife enthusiast who wishes to visit this isolated area. Dhorpatan is naturally & culturally rich place. The Dhorpatan Hunting Reserve has set aside a dedicated area where only certain wild species are permit to be called for controlling the general population of this area. It is fact that there is limited amount of hunting operations in the reserve.

Our journey begins from a drive from Kathmandu to Beni and then to Darbang  
Best season for this are February to May and August to November. We organize this trip according to your desire and duration of holidays

## Trip Itinerary

---

### Day 1 : Drive from Kathmandu to Beni – 9 / 10 hrs drv

Our journey begins with a nine hour's drive from Kathmandu to Beni. The trail passes through Trisuli River then after we drive to Marshyangdi River and small hill towns to the Seti River that takes directly

into Pokhara. The drive from here goes through uphill into zigzag road all the way to Nau danda. It then goes up through Nayapul. On the way we can view fabulous Mountains like: Annapurna South, Fish tail, green hills, terraces and villages. To reach Beni, our drive moves along the Kaligandaki River. Overnight at lodge

## **Day 2 : Drive to Darbang (3 hrs drive) and start trek to Dharapani – 5 hrs walk**

After breakfast, we drive three hours to reach Darbang. In Darbang, people are engaged in making Khukuri. “Khukuri” is the curved Nepali weapon used as weapon tool. In every house, of the village at least one person has adept the skill of Khukuri making. We can see Dhaulagiri Himal from Dharapani.

## **Day 3 : Dharapani to Lamsung – 6 / 7 hrs walk**
