We also see Musk Deer Mountain Thar/goats on the Everest panorama trek which makes this outing a typical adventure with loved ones. Everest view trekking is suitable for those nature lovers and adventure enthusiasts who have only limited holidays for Nepal and entirely desire Everest trekking.

Trip Itinerary

Day 1 : Transfer to airport for Kathmandu / Lukla flight (45 minute flight). Arrive Lukla and start trek to Phakding (2610 m.) – approx. 2 to 3 hrs walk

Early morning we will catch up an early flight to Lukla (2,800m/9,186ft), the starting point of the trek. The flight will be an interesting one since we will be flying amidst the grand Himalayas in a Twin Otter airplane. Upon arrival at Lukla, we will have a short tea break and introduction to our trekking crew. Then we begin our short trek to Phakding which starts with most scenic view of Numbur Himal & Phari and passing through some Sherpa farm villages. We follow the trail to Dudh Koshi River with gradual ups from Thado Koshi, where we can have a lunch with superb view of Kusum-Kanguru (6,369m/20,890ft). Crossing a short suspension bridge from here after a short climb brings us to the Ghat village and further walk of about another 1 ½ hours brings you to Phakding village for the overnight stop.

Day 2 : Phakding / Namche Bazaar (3446 m.) – approx. 5 to 6 hrs walk

Your destination today is Namche Bazaar. Namche Bazaar is the central village of the Sherpa in Khumbu region. It is situated on a horseshoe shaped flank and is crowded with about 100 buildings including lodges, bhettis, store and banks. There is a plateau in the right side of the village entrance, where they have a bazaar every Saturday. It is thronged with people especially in the morning. Our trek starts after crossing the Suspension bridge of Dudh Koshi River. Today, the walk is pleasant with few ups and down. Enroute, we will have a magnificent view of Mt. Thamserku (6,608 m / 21,675ft) from the Benkar village. Crossing the bridges and reaching at the entrance of Sagarmatha National Park at Monjo, our trekking permits will be checked. After entering the National Park boundary, we descend towards the suspension bridge-Koshi River. After crossing the bridge, we reach Jorsale village, the last village till Namche. From here the walk is pleasant on the river bed till the last bridge over the Imja Tse River is reached. Further continuing our trek, we walk along the winding uphill path all the way to Namche Bazaar, with magnificent view of Kwangde peak and it's other sister peaks towards east with Kusum Kanguru on the back. As you climb higher, view of Mt. Everest, Lhotse and the closer view of Taboche peak can be seen from some part on the way to Namche. Finally we reach at colorful houses called Namche Bazaar main gate of Khumbu region. We stay overnight at Lodge.

Day 3 : Explore Khumjung Village 3780m back to Namche Bazar - 5 hrs walk

On this day, we will explore around the Khumjung Village which is also a Sherpa Community. There is a monastery in Khumjung which displays a scalp that purportedly comes from a yeti. This village has modern communications such as the internet and mobile and landline phones. The village is about an hour walk from Namche. Like Namche, it is a village carved into the mountainside, reminiscent of an ancient Greek amphitheater. Khumjung is not the cave it's a village which is also known as hidden village. While at the Gompa, ask the monks (lamas) for directions for getting to Guru Rinpoche's cave. You can also enjoy the splendid views of Everest, Nuptse, Ama Dablam, Thamserku, Lhotse, Tawachee, Kwangde and other mountains and peaks. After exploring the Khumjung village, return back to Namche for overnight stay

Day 4 : Trek Namche Bazaar to Lukla (2800m) – approx 8 hrs walk

We descend on a steep trail so it is important that we walk cautiously as our shaky legs continuously battle the rocky terrain. After crossing the suspension bridges over the fast flowing

Dudh Koshi and its tributaries, the trail becomes more level. After reaching Lukla, we stretch those sore legs and recall the experiences of the last couple of weeks. Overnight in Lukla.

Day 5 : Fly back to Kathmandu

Flights to Kathmandu are usually scheduled for morning because wind can create problem to fly the aircraft in the afternoon. But sometime the flight time can be delayed due to bad weather and other unprecedented reasons that are beyond our control. We fly back to Kathmandu after our long mountain journey. After reaching Kathmandu we have the rest of the day off to rest or do some souvenir shopping. Overnight in Kathmandu
