## Overview

---

### **Kathmandu Valley Birding Tour.**

A 5-day birding tour in the Kathmandu Valley, Nepal, can be a fantastic experience for bird enthusiasts. The Kathmandu Valley is home to a diverse range of bird species, including both resident and migratory birds. Nestled amidst the Himalayan foothills, the Kathmandu Valley is not only a cultural and historical treasure trove but also a haven for birdwatching enthusiasts. This enchanting destination offers a unique blend of urban charm and pristine natural beauty, making it a perfect spot for a birdwatching adventure.

The Kathmandu Valley Bird Watching Tour is a captivating journey into the heart of Nepal's diverse avian landscape. Spanning over several days, this tour takes you on a remarkable journey through lush forests, serene wetlands, and picturesque farmlands. With over 500 species of birds, the valley is a birdwatcher's paradise, featuring both resident and migratory birds.

### **Why Choose Us:**

Our experienced guides and naturalists are passionate about birdwatching and the conservation of Nepal's unique avian ecosystem. We offer comfortable accommodations, delicious Nepali cuisine, and transportation tailored to your needs. With a commitment to responsible tourism, we ensure minimal environmental impact during your tour.

### **Conclusion:**

The Kathmandu Valley Bird Watching Tour is an opportunity to connect with nature, culture, and the joy of discovery. Whether you're a seasoned birder or a novice enthusiast, this journey promises unforgettable encounters with some of the world's most stunning avian species. Immerse yourself in the beauty of Nepal's Kathmandu Valley, where every dawn brings a new chorus of wings and melodies.

## Trip Itinerary

---

### **Day 1 : Arrive Kathmandu and transfer to Hotel**

Arrive Tribhuvan International Airport, meeting and transfer to Hotel Royal Singi – Centrally located 4 Star or Similar.

### **Day 2 : Full Day Birding around Phulchowki Hill**

Phulchowki (2760 m) is the highest of the mountains encircling the Kathmandu valley. This broad-leaved subtropical forest is the richest for birds and wildlife in the valley and remains the most convenient place to see some of the birds that are rare or local to Nepal. Phulchowki lies 18 km

south-east of Kathmandu, above Godawari Village (1525 m).

Nestled amidst the Himalayan foothills, the Kathmandu Valley is not only a cultural and historical treasure trove but also a haven for birdwatching enthusiasts. This enchanting destination offers a unique blend of urban charm and pristine natural beauty, making it a perfect spot for a birdwatching adventure.

### **Day 3 : Full Day Birding around Shivapuri National Park**

The Shivapuri National Park covers the area of 144 sq km which is the major watershed supplying drinking water to the capital city of Kathmandu. Lying in the transition zone between the subtropical and temperate climatic zones, its diverse vegetation is composed of pine, oak, rhododendron and others. The park is rich in wild mushrooms about 129 species in total. The wildlife habitats Himalayan black Bear, Leopard, Jungle cat and Rhesus monkeys. The park is home to over 177 species of birds including 9 threatened species and over 100 species of butterflies including rare and threatened.

### **Day 4 : Full Day Birding around Nagarjun**

Nagarjung is nearest place for bird watching from Kathmandu, with a gentle walk along an easy trail through lovely hill forest. Warblers are abundant and this is a favorite haunt of Blue Whistling Thrush and the eye-catching White-crested Laughingthrush – an aptly named species that once heard is never forgotten!

In the evening transfer to Nepalese Restaurant for Typical Nepalese Dinner with live Cultural Program.

### **Day 5 : Departure, tour end**

departure to homeland.
